REFERENCE LETTER

As a representative of Smarketer GmbH, I am pleased to provide references to summ-it s.a. as a provider of comprehensive IT solutions.

Within the confines of our partnership, summ-it has been providing Smarketer GmbH with Microsoft Dynamics 365 platform support services since 2023, including:

- ongoing user support,
- monitoring of system performance,
- design and implementation of new functionalities.

Additionally, summ-it has completed several projects, such as the development of custom web applications for monitoring website conversions and creating analytical reports. Furthermore, summ-it supports our organization in optimizing the licensing model for Microsoft services.

The summ-it team demonstrates exceptional technical expertise and the ability to solve complex problems. Their approach to projects is always professional, and communication with the client is efficient and effective. We particularly appreciate their flexibility and ability to adapt to our specific needs.

I recommend summ-it as a professional and reliable partner in the field of system and data management.
